# Chicago PD Handgun Qualification - 1/3 Scale Version (For 8.5x11 Target)

Target Setup

Use the 8.5 x 11 PDF target, which includes a 1/3-sized scoring box scaled from the original 8.5 x 14 scoring zone. The box is centered on the page and used for scoring only. Shooters must achieve at least 21 hits out of 30 total rounds (70%) to pass.

## Scaled Shooting Distances

This scaled course uses reduced distances to match the smaller target size.

The original 5-yard line becomes 5 feet.

The original 7-yard line becomes 7 feet.

The original 15-yard line becomes 15 feet.

These simulate the full-sized course when using a 1/3 scale target.

# **Reloading Note** Reloads are not timed in this course. Shooters may reload as needed between stages. Each string of fire is timed independently and does not include reloading time. Shooters should ensure magazines are topped off before starting each new stage.

# **Scoring**

Only hits inside the scoring box count. A perfect score is 30. To pass, a shooter must score at least 21 hits (70%).

There is no partial credit for borderline hits-either the round is inside the box or not.
